AN INVITATION

Dear partner,

On **Saturday 5 December 2026**, the Accelerator community comes together in **Ibadan** for **Accelerators Events 2026: The Summit of Excellence**, a day of recognition, leadership training, inspiring speakers, networking and celebration under the theme *Rise with Purpose. Lead with Power. Reign with Excellence.*

We are expecting **between 500 and 1,000 guests**: ambitious members, team leaders and professionals from across our community, gathered in one room for a full day.

We would love **your brand** to be part of it. We are inviting a small number of brands to **showcase their business at the event**: to put their products in people's hands, speak to the audience about what they offer, and answer questions directly from the people most likely to become their customers.

In return, we ask our partners to support the day with **branded items for our guests**, such as tote bags, power banks, earpieces and similar gifts, or another contribution we agree together. Everything given on the day carries your name home with our guests.

The pages that follow explain the event, the audience, what your brand would receive and the simple next steps. We would be delighted to discuss a partnership that fits your goals.

Warm regards,

Accelerators Community
